

Haibun Partners LLP

We at Haibun Partners LLP have 30 years of combined experience working within wealth management.

Haibun was established in 2005 to meet clients' increasing demand for customised portfolio diversification and tax planning strategies.

Our client base exclusively comprises high net worth individuals, including over 200 sophisticated investors, many of whom are senior members of financial institutions.

What we do

Haibun researches and provides information to clients on a range of sophisticated investment and tax planning opportunities.

There are only a limited number of companies able to offer information on this highly specialised range of products and strategies; fewer still are able to match the level of service offered by Haibun.

Areas of expertise

Our research is focused on the alternative investment and tax planning market and falls mainly within the following categories:

- Tax Planning
- Hedge Funds
- Film Partnerships
- Property Funds
- Venture Capital Trusts
- Enterprise Investment Schemes
- International Pension Planning
- Private Equity
- Accountancy Services

Our approach

Over the course of our combined 30 years in the wealth management sector, Haibun has built strong relationships with financial institutions and third party providers.

These relationships afford us unique access to information on the latest investment and tax planning opportunities, allowing our clients to take

immediate advantage of any new offerings which become available.

Haibun is continually developing new relationships with third parties, staying abreast of industry and legislative developments, and protecting clients' interests by undertaking due diligence on all new opportunities.

Bespoke service

Although our clients all occupy the high net worth bracket, their respective requirements differ enormously. We offer a bespoke service that caters to each client's individual needs, helping clients to diversify their often well-established portfolios.

We hope that Haibun will have the opportunity to work with you on your portfolio or tax planning strategies.

If you feel a discussion with a Partner of Haibun may be of interest, please contact Matthew Cureton on **020 8498 9490** or **matthew@haibun.co.uk**
